## Work experience

**Design Lab Assistant**, Pittsburgh, PA  
Carnegie Mellon School of Design  
January 2023 - Current

Oversees students working in the school of design fabrication lab, including the machine room and digital fabrication room. Teaches safe and effective tool and machine usage. Assists students in the creation of fabrication plans.

**Mechanic and Sales Associate**, Boston, MA  
Bikes Not Bombs  
June 2022 - August 2022

Performed bike repairs in the storefront. Aided the implementation of a new organizational system for digital repair tickets and customer bikes. Created promotional materials for sales and shop events. Led volunteer activities.

**Landscape Designer**, Boston, MA  
Freelance  
August 2021 - August 2023

Provided pruning, removal, and planting services to local property owners. Hand crafted and installed bespoke garden elements such as naturally sourced wattles and fencing.

**Production Assistant**, Provincetown, MA  
Cape Art Tiles  
June 2021 - August 2021

Produced art tiles to be sold in the storefront. Provided web design services.

## Education

**Bachelor of Design**, Carnegie Mellon University  
August 2019 - May 2024

Pursuing a Bachelor of Design at Carnegie Mellon University with an industrial design concentration.
